

Hrugwed Zagade - CV

About Me

I am a final-year BTech student with a strong passion for software development, specializing in Java, web development, and the MERN stack. I enjoy building scalable and efficient applications that solve real-world problems while ensuring high performance and a seamless user experience.

Experience

Frontend Developer Intern

HAB Biomass, Charholi (Feb 2024 - Apr 2024)

- Developed the frontend for the entire company website using React.js and Tailwind CSS.
- Worked on both frontend and backend integration.
- Helped farmers by providing a digital marketplace for sustainable products.

Projects

- Simon Says: Small Simon says game.
- Random Number Guesser Game: Guess the number.
- Spotify Clone: Spotify clone.
- Face-generation: Generates faces using dataset.
- CloudCare: Major project.
- RentalBooking: A Marketplace for renting items.

Testimonials

Anish Ghanwat, Professional Food Critic, MIT Alandi:

"Hrugwed once told me 'code runs faster if you optimize it'... bro, I don't even run. But to be fair, if he

Hrugwed Zagade - CV

put as much effort into debugging as I do into my food orders, we'd all be billionaires by now."

Sankalp Khilari, Head of Roast Department, MIT Alandi:

"Hrugwed is the best developer I know... at making typos. His debugging skills are just him arguing with the console. I'd compliment him, but I've got a reputation to maintain."
